CONTACTS

Bengt Hope

Field Development Manager
 Tel. (+47) 9700 8283
Bengt.hope@acona.com

An experienced team within:

- Commercial and strategy
- Petrophysics & Reservoir Engineering
- Drilling & Completion, Subsea systems, Concept development, Cost & schedule
- QA & project management

Acona can assist clients across the value chain, providing input to and writing application documents:

Lean approach: Client to provide template for input of the technical results. Acona to apply template in all technical evaluation results for clients final approval.
